

NASA Presents:
**Officer
Jermaine Galloway**

Training

**High in Plain Sight:
Alcohol, Drug and Concealment Trends and Identifiers**

YOU CAN'T **STOP** WHAT YOU DON'T KNOW

This workshop is for educators, prevention providers, coalition members, law enforcement, probation officers, school administration, treatment, counselors, and parents. The workshop covers alcohol and drug clothing, alcoholic energy drinks, alco-pops, alcohol and drug concealment methods and containers, drug paraphernalia, drug related music and groups, logos, stickers, new technology, youth party tendencies, party games, non-traditional alcoholic beverages, social networking sites, synthetic drugs, OTC drugs, inhalants, concentrates, e-cigarettes, and popular party drugs.

In today's culture, everything is person-specific and has different meanings to different individuals. Meanwhile, certain items have gained popularity in the alcohol and drug scene - which changes every day.

For each person to help prevent youth and adult substance abuse, you **MUST** know what is going on in your community.

For more information on Officer Galloway visit his website at tallcopsaysstop.com
